# Road Map

- Anyone coming from the North, East or West will first need to get to the Esso Station. Once at the Esso Station, turn South.
- Highway #2 from Chamberlain and Highway #1 from Swift Current turns into Moose Jaw's Main Street. Main Street comes to a dead end, so do not worry about going too far.
- Follow the arrows and you should have no problem finding the camp.
- Once on the grid road, before the curve, there is an access road for a farmyard. Do not take it, follow the curve.
- Once you get to the Camp sign, you will be traveling in a farmer's field, this road takes you right into the Camp Totowamihk.
